

ICAMM 2026

International Conference on Advanced Manufacturing and Materials 2026

Official conference brochure. This document summarises the scope, programme structure, venue information, registration options and contact details for attendees, authors and sponsors.

Conference at a glance

Dates: October 16-18, 2026 | Venue: Ningbo, Zhejiang Province, China | Language: English

Conference themes

- Laser extreme manufacturing and ultrafast laser processing
- Multi-material additive manufacturing (LPBF, DED, non-metallic AM)
- Advanced materials and structures enabled by AI + AM
- Industrial applications, standards and equipment safety

Programme structure

The three-day programme combines plenary lectures, parallel thematic sessions, an exhibition visit and a welcome dinner. Parallel sessions run across three session rooms on the second and third day; each talk is 15-25 minutes including questions.

Registration options

Three registration windows are available: Early Bird, Regular and On-site. Fees cover conference materials, tea/coffee breaks, lunches and the welcome dinner; accommodation and transportation are not included. See the Registration page for current rates.
