

Call for Papers

ICAMM 2026 invites original contributions on advanced manufacturing and materials.

Scope of interest

Topics include, but are not limited to: laser extreme manufacturing; ultrafast laser processing; laser powder bed fusion; directed energy deposition; multi-material and functionally graded structures; AI-assisted process design; additive-subtractive hybrid manufacturing; standards and equipment safety.

Submission guidelines

- Abstracts: 300-500 words, submitted in English.
- Full papers: maximum 8 pages using the official Paper Template.
- Figures and tables must be legible in greyscale.
- All submissions undergo peer review by the programme committee.
- At least one author of each accepted paper must register for the conference.

Important dates

Abstract submission opens: March 1, 2026

Abstract deadline: June 30, 2026

Notification of acceptance: July 31, 2026

Full paper deadline: August 31, 2026

Conference dates: October 16-18, 2026

Review process

Each submission is assessed by at least two reviewers for originality, technical quality, relevance to the conference themes and clarity of presentation. Accepted contributions are assigned to the appropriate thematic session.
